Joint ICA Commission Workshop

Collaborative custodianship through collaborative cloud mapping – Challenges and opportunities

ICA Commission on SDI & Standards, ICA Commission on Map Production & Geoinformation Management and the Committee for Spatial Information Subcommittee on Education & Training

14 – 15 Sept 2018, Centre for Geoinformation Science, University of Pretoria, South Africa

Friday (14 Sept)

8:30	Arrival and registration
	Session 1 – Introductions <i>Chair: Antony Cooper, Former Chair: ICA Commission on SDI & Standards</i>
9:00	Welcome
9:10	Introduction to collaborative cloud mapping <i>Peter Schmitz, Chair: ICA Commission on Map Production and Geoinformation Management</i>
9:20	Introduction to collaborative custodianship <i>Serena Coetzee, Chair: ICA Commission on SDI & Standards</i>
9:30	Introduction to the South African SDI (SASDI) <i>Maroale Chauke, Secretariat: Committee for Spatial Information, Directorate: NSIF</i>
9:40	Introduction to collaborative data custodianship in SASDI <i>Nicolene Fourie, Chair: Data Subcommittee of the Committee for Spatial Information</i>
9:50	Break
	Session 2 – Case studies <i>Chair: Serena Coetzee</i>
10:30	Case study: Collaborative custodianship of the <i>Basisregistraties Adressen en Gebouwen (BAG)</i> in the Netherlands <i>Martijn Odijk, Project Manager: Policy Geo Information (National SDI), Ministry of the Interior and Kingdom Relations, Netherlands</i>
11:10	Case study: Collaborative custodianship of the <i>Centraal Referentieadressenbestand (CRAB)</i> in Flanders <i>Ziggy Vanlshout, Programme Manager: Authoritative Data Sources, Informatie Vlaanderen, Flanders, Belgium</i>
11:50	Case study: Collaborative cloud mapping for federal address and street network datasets in Austria <i>Markus Jobst, Co-Chair: ICA Commission on Map Production and Geoinformation Management</i>
12:30	Lunch
	Session 3 – Hands-on <i>Chair: Peter Schmitz</i>
14:00	<i>Collaborative mapping with the Humanitarian OpenStreetMap Team (HOT)</i> <i>Presenter to be announced</i>
15:00	Hands-on collaborative mapping in OpenStreetMap <i>Victoria Rautenbach and Cameron Green, YouthMappers Chapter, University of Pretoria</i>
16:00	End
19:00	Dinner (potential sponsorship to be confirmed)

Saturday (15 Sept)

8:30	Arrival
<i>Session 4 – Requirements</i>	
9:00	Break-away sessions: What would a local authority need to implement collaborative custodianship of a base dataset through collaborative cloud mapping?
10:00	Feedback reports from break-away sessions
10:30	Break
<i>Session 5 – Challenges and opportunities</i>	
11:00	Break-away sessions: What are the challenges and opportunities for implementing collaborative custodianship of a base dataset through collaborative cloud mapping?
12:00	Feedback reports from break-away sessions
12:30	Closing
Lunch
